

Legal Disclaimer

The information provided on this website is intended for general informational purposes only and does not constitute medical advice, regulatory advice, or a promotional communication for medicinal products.

Certain products, technologies, and platforms described on this website may be classified as Advanced Therapy Medicinal Products (ATMPs) and may be under development, subject to regulatory approval, or available only within specific regulatory frameworks or national authorisations. References to clinical use, applications, or potential benefits are provided for informational purposes only and do not imply efficacy, safety, or approval by the European Medicines Agency (EMA) or any other regulatory authority.

Nothing on this website is intended to diagnose, treat, cure, or prevent any disease, nor should it be interpreted as an inducement to use any medicinal product outside its approved or authorised indications. Healthcare professionals should consult applicable regulatory guidance and local competent authorities before clinical implementation of any advanced therapy product or platform.

Descriptions of research and development programmes reflect current development status and are subject to change based on ongoing research, regulatory review, and clinical outcomes.

GaiaCell makes no representations or warranties, express or implied, regarding the completeness, accuracy, or suitability of the information contained on this website and accepts no liability for reliance placed on such information, except where required by applicable law.
